

Lab 3: Blends Create a CD cover

Part 1: Hour Exercises

Complete Hour 12, which reviews transformations, the Pathfinder commands and blends. Also complete Hour 17, which covers enveloping, and the latter part of Hour 6 on additional Path editing tools.

Part 2: Make a CD cover

Choose a theme and make the front, side label, and back of a CD jewel case cover. Sizes in inches: Right side: 4.75 (w) by 4.75 (h), Center label: .25 by 4.75, Left or back side: 5.25 by 4.75. Be sure it is arranged as one unit on landscape setup document. Your project must include:

1. Design text for the title (or other text) using one of the enveloping tools. You may also outline text and transform it, add filters, etc.
2. Use the text tool to include song list or other titles. You must also include the name of the CD on the side bar.
3. Use the knife tool to modify a shape.
4. Incorporate a blend using colors and/or a blend using shapes/steps.

★★★★ Four stars are awarded to shape blends utilizing more complex shapes. **Question: What is recommended you apply to complex shapes before blending them?**

Illustrator Features Used: Tell me where you applied these or label them:

Used knife:

Used blend(s):

Applied the Enveloping Tool:
