**Wireless Routers:** - There are now two wireless routers installed in the Asiya Shrine Center. One is in the office area and the other is in the Computer Clubroom. This enables the user to have wireless access to the Internet from nearly all areas of the building. You will need to have the correct security code to connect to either of the routers.

**Reminder - Mark your calendar:** The Computer and Camera Club will have a joint Visitation with the Greeters on Saturday September 6.

**Club Budget:** If there is any equipment the members would like for the club, please inform Sam Yee so he can submit a club budget request to Asiya Temple for approval.

**Monday Lunch and the Clubroom:** The Monday lunches have really taken off this year. There have been 40 to 50 or more in attendance. The Asiya Shriners Monday Lunches are open to you, your family and guests. The Computer and Photo Club room is usually open before, during, and after the lunches. Club members always have access to the clubroom using the code printed on the current dues card.

**Club Logo:** - The club has been in contact with suppliers of embroidered clothing. Most suppliers will not do embroidery in small quantities. We have found a supplier who will do embroidery with a minimum order of 4 items at a reasonable cost. The quality of their clothing is excellent. The logo shown below shows examples of their digitized proof with green or gold colored lettering.
