

Imagine millions of Americans uniting into one clear and determined voice, speaking their hearts, saying “No more!” to the government’s escalating “war on terrorism.” One Million Taxpayers for Peace provides a way to do that.

One Million Taxpayers for Peace is a nationwide campaign (www.onemilliontaxpayersforpeace.org) that is using a very low risk civil disobedience strategy to make our voices heard above the din of the "80%" who approve of the Washington agenda (if we are to believe the latest surveys in the popular media).

Because we hold that war is not a valid way to resolve conflict or enhance national security, we are “voting our dissent” by reducing our IRS payment a symbolic \$10.40, and sending our “peace tax” to One Million Taxpayers for Peace.

“Dissenters” may also choose to “vote” without committing civil disobedience. (Sample letters are provided at the site for paying one's taxes 'under protest').

The collected “peace tax” funds will finance conflict resolution trainings in schools and communities. Additionally, we are all sending letters to the IRS, President, Congress, and our local newspapers to let them know that there is indeed opposition to the escalating military tactics that are perpetuating the cycle of violence.

We invite you good-hearted people, who want peace and have wondered what concrete action to take, to please join us. Together, we can make a difference.

“If a thousand men were not to pay their tax-bills this year, that would not be a violent and bloody measure, as it would be to pay them, and enable the State to commit violence and shed innocent blood. This is, in fact, the definition of a peaceable revolution, if any such is possible.” Thoreau
