Las Cumbres is an exciting 8,000 sq. ft. luxury rental villa on the Mexican Riviera overlooking the Pacific Ocean in amazing Manzanillo, Mexico in the state of Colima between Puerto Vallarta and Acapulco. Villa Las Cumbres is set on the Santiago Peninsula between two sparkling bays - it's a location that must be seen to be truly appreciated. This area offers miles of stunning beaches with your choice of either gold or black volcanic sand. This luxurious villa on the Mexican Riviera offers four bedrooms and four and a half tiled baths along with gorgeous views of the water and soothing sounds from ocean waves tumbling on the beautiful sandy beaches below. Spread across two lots, the Villa affords the safety and tranquility of Manznillo's Santiago Peninsula with easy access to the local beaches and other attractions. Yet it is sufficiently removed from the congestion of the more developed areas of the Mexican Riviera. Each bedroom includes ample built-in dressers and closets along with ceiling fans to supplement the ocean breezes. Included in the amenities of this luxury rental is Satellite TV, VCR, DVD, video library, book library, games, poker table, Internet access, phone system to call Canada and the U.S., outdoor dining area with wet bar, daily maid service (limited on Sunday), pool service, and plant care for the beautiful grounds. Arrangements can be made with the Villa Manager, who speaks English, for a driver and vehicle, scenic tours, golf outings, scuba diving, massages, manicures and pedicures, a hairdresser, and so forth. A cook is available at extra cost to prepare breakfast and dinner for you, including authentic Mexican dishes as desired.
