regarding dealer direct service

Practically all of the major U.S. music merchandise wholesalers carry the standard Shubb capo, and many carry an assortment of our other models and products. It is our policy to support our distributors, and we encourage you to order from them.

Since we do not require our distributors to carry our entire line, some of our products or models may not be in their catalogues. If you are unable to obtain any of these products from your favorite distributor, we offer dealer direct service in order to supplement and support our wholesalers.

Because of our costs on logo clothing items, only a small dealer discount is available. Please check our website or call to determine available sizes and colors.
